

Position	Library Consultant
Library/City	Mississippi Library Commission
Date Posted	01/17/2024
Date Expires	Open Until Filled
Date Available	
Responsibilities	<p>The Mississippi Library Commission seeks a Library Consultant for the Library Development department. Responsibilities include working closely with assigned public library directors to improve service to public libraries by fielding questions, researching best practices, being aware of and ahead of library trends, providing advice on a wide range of topics, and training public library staff on traditional and emerging library services. This position also contributes to the agency's Continuing Education program by presenting on relevant topics.</p>
Requirements	<p>What you'll need to be successful: A successful candidate should possess knowledge of traditional and emerging library services scalable to libraries of all sizes, be capable of creating and delivering compelling public presentations, have excellent written communication skills, find creative solutions to problems, and have a passion for public library service.</p> <p>This position is located in Jackson, MS and requires a Master's Degree from an ALA accredited four-year college or university in library science; and three (3) years of experience as a librarian. Those with a specialization (STEM/STEAM, statistics, non-profits, etc), are strongly encouraged to apply.</p>
Salary & Benefits	This position will receive full state benefits and the minimum salary is \$43,509.31+
